Dear Damien,

This letter is official notification that Linde Advanced Material Technologies, Inc. – Manchester Plant, has successfully satisfied their requirements of the recertification audit for ISO 9001:2015 and AS9100D. The recertification audit that was conducted April 10-15, resulted in 0 non-conformities.

Due to an unexpected issue with the original Lead Auditor, we were required to assign a new Lead Auditor. The new Lead Auditor was able to accommodate the dates of April 10-15, 2024, which provided only 7 days to submit the audit, conduct a review, submit for expert review, close the audit, and publish the certificate.

Customers of Linde Advanced Material Technologies, Inc. – Manchester Plant, should note that this unfortunate situation is no fault of theirs. PRI Registrar accepts full responsibility; all steps necessary to publish the certificate of registration for ISO 9001:2015 and AS9100D with as little delay as possible, have been taken. The new certificate is in good standing, and has been published in OASIS and in RMS.

If you, or your customers, have questions regarding the information provided in this letter, I am happy to assist. We greatly appreciate the professionalism and patience you have shown. Our sincere apologies for this unfortunate situation.

Thank you for choosing PRI Registrar.

Kindest Regards,

Dina L. Rigot
